INFORMED CONSENT FOR COUNSELING SERVICES

Each treatment service that I receive has risks and benefits associated with it. The risks and benefits are outlined below and have been explained to me. My initials indicate that I wish to receive this treatment, and that I have had these benefits and risks explained to me as well as any others that may apply.

___ Diagnostic Assessment: Diagnostic assessment is a means for your clinician to better understand you and the concerns that bring you to therapy. Your clinician may ask you questions regarding your past and present levels of functioning. This information will be helpful to your clinician in developing an individual treatment plan with you. Occasionally, your therapist or refer you for additional testing or services, that may include a practitioner at Renew Wellness or a collaborative practitioner.

___ Counseling / Psychotherapy: I understand that therapy is a collaborative effort and that success or failure is a function of the efforts of both the therapist and myself. Specific benefits of an effective therapy for me are outlined in my individual service plan. General benefits of therapy may include relief of symptoms, increased insight and confidence, improvement in interpersonal relationships, decreased anxiety, and a general improvement in daily functioning. The professional literature suggests that approximately 10% of therapy clients become more dysfunctional as a result of the stress of treatment.

___ Confidentiality has been explained to me and I understand this concept.

___ As a minor 14 years of age or older, I understand I am entitled to receive counseling services for not more than six sessions or thirty (30) days, whichever comes first, without the consent of my parent / guardian and without that person being informed. If services extend beyond that point, I will work with my therapist to involve my parent / guardian in my treatment

___ I understand that I have the right to refuse any and all treatment. I also understand that my therapist may decline to provide services to me if I refuse or cannot comply with the necessary requirements of therapy. I understand that I have the right to withdraw my consent for any and all treatments at any time. If I refuse or withdraw consent for treatment, my therapist will make an effort to develop input or an alternative approach to therapy.

I consent to receive the services for which I have initialed and dated above or I consent for my child, who is under the age of eighteen- (18) to receive these services.
